

A message from Robert and Cynthia Gifford, owners of Liberty Ridge Farm

This has been an unprecedented year of uncertainty for everyone, especially those who own small businesses. At Liberty Ridge we have tried to keep our staff employed through these hard times. All of us have worked diligently to create a day of celebration for our Capital Region neighbors and friends of the Farm. Celebrating our Country's Independence, "Our God given right".

Last night at 10pm NYS came knocking at our door and informed us we are to shut down the celebration, due to a "new" NYS directive.

To prepare for today's festivities, food and beverages have been purchased and prepared, new bathrooms have been built, inspection and maintenance of all the activities, deposit on fireworks, hired band, paid for advertising, hired extra staff. Besides, all the measures we have taken for social distancing and sanitizing procedures for a safe and enjoyable day.

With sad hearts and tired bodies, we are sorry to say that there is NO EVENT or Pre-ORDERED MEALS TONIGHT. Your money will be refunded in 10-14 days. As we all try to celebrate this day. Please pray for our Country.

Our Market Barn will be open today from 11-4, if you would like to stop by to purchase kettle corn or donuts we had prepared.

We thank you for your support and look forward to seeing you at future events on the Farm.

Many blessings to all,
Robert and Cynthia Gifford
